

## Healthcare

- Medical data summarization
- RAG-powered medical assistant
- Patient intake automation

## Real Estate

- Automated customer support
- Property comparison engines
- Lead qualification automation
- RAG assistants for contract and policies

## Human Resources

- CV screening
- Policy Q&A assistant
- Employee performance summaries
- Shift scheduling automation

In short: if it doesn't exist yet, we will invent it. Except teleportation. that's still in beta.
